# RIVERSIDE COUNTY AGRICULTURAL COMMISSIONER'S OFFICE

**RUBEN J. ARROYO**  
AGRICULTURAL COMMISSIONER  
SEALER OF WEIGHTS AND MEASURES

**Karen Ross, Secretary**  
**California Department of Food and Agriculture**  
and

**The Honorable Board of Supervisors of Riverside County**  
**Jeff Hewitt, Chairman, District 5**  
**Kevin Jeffries, District 1**  
**Karen Spiegel, District 2**  
**Chuck Washington, District 3**  
**V. Manuel Perez, District 4**

It is my privilege to submit the 2021 Riverside County Agricultural Production Report. This report is produced in accordance with Section 2279 of the California Food and Agricultural Code, and summarizes the acreage, production and valuation of our County's agricultural commodities.

The gross value of all agricultural crops produced during 2021 in Riverside County is **\$1,405,910,000**. This total represents an decrease of \$12 million (-1%) from last year's total value. The largest increase (8%) was seen in nursery production followed by aquaculture (6.%) while field and Seed crops saw a 13.5% drop in value.

Using historical economic values, the total agricultural contribution to Riverside County's economy is approximately \$3.9 billion.

This report is our yearly opportunity to recognize the growers, shippers, ranchers and other businesses instrumental to and supportive of agriculture in Riverside County. As such, I would like to extend my thanks and appreciation to the industry for their continued efforts in providing the vital information that enables the compilation of this report. Special recognition goes to the Agricultural Commissioner's staff for their efforts in the production of this year's report.

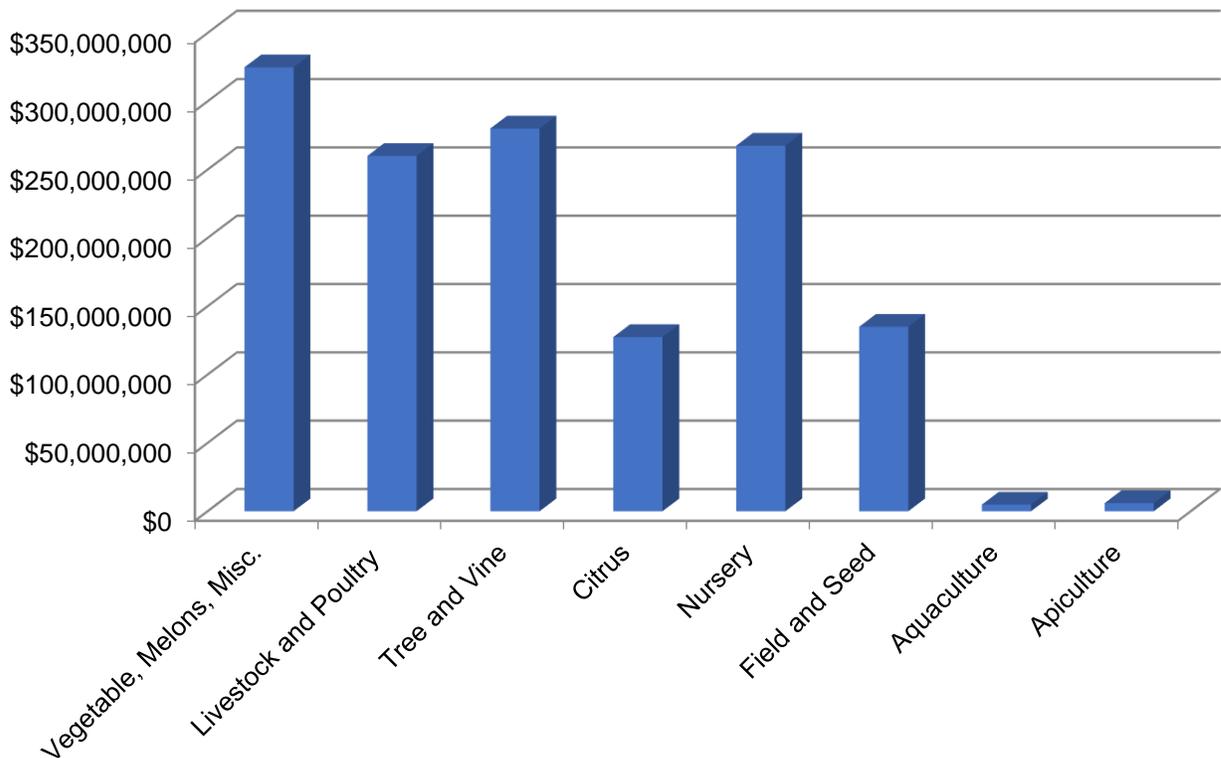

Respectfully submitted,

Ruben J. Arroyo  
Agricultural Commissioner  
Sealer of Weights and Measures
